DISCLAIMER

These particulars are set out as a general outline for potential purchasers / tenants and whilst every care has been taken in their preparation, they do not constitute an invitation to treat, or an offer or contract of any kind. All descriptions, dimensions, plans, maps, computer generated images, references to condition, permissions or licences of use or occupation, access and other details, are for guidance purposes only and may be subject to change. The particulars and information are given in good faith and are believed to be correct, but any intending purchaser or tenant should not rely upon them as statements or representations of fact, and is specifically advised to satisfy themselves as to their accuracy by carrying out their own due diligence at their own expense. No employee of William Harvey Company Limited or Collier Jackson-Stops has any authority to make or give any representation or warranty in respect of the property and no liability will be accepted in respect of any loss suffered by any intending purchaser / tenant or third party arising out of these particulars or information. Prices / rents are quoted exclusive of VAT and any other applicable taxes that the purchaser / tenant will be liable for.

LOCATION

The site is located on Bohernabreena Road in Tallaght approximately 2.1 km from Tallaght Village, 1.8 km from the N81 Tallaght By-Pass, and 2.6 km from the Firhouse exit of the M50 motorway (Junction 12). The M50 links with all the main arterial routes serving Dublin, Dublin Airport and the Port Tunnel. The Motorway is currently being substantially upgraded and this is helping to reduce journey times on this important route. The Old Mill pub and local shops are situated 500 metres from the property.

DESCRIPTION

The property comprises a site of approximately 2.6 ha / 6.5 acres incorporating a large enclosed yard and hard standing together with warehousing, outhouses and storage of approximately 2,243 sq. m. plus a caretaker's bungalow. There are two access points from the Bohernabreena Road and gates, walls and security fencing. The site has been in industrial use for many years and most recently as a waste facility.

A waste permit for the 'collection and segregation of specified construction waste materials' expired in June 2008. The facility would obviously suit a waste / recycling operator subject to procuring the necessary permits / permissions.
